RE: Abandonment of Water Right #73-829 5.77 cfs, Coal Creek Certificate #3745

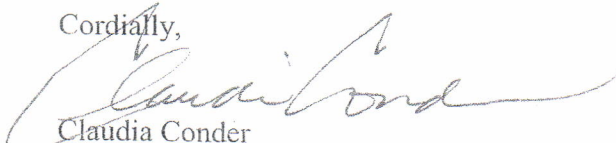

Dear Mr. Olds,

PacifiCorp acquired the above referenced water right in its acquisition of the California-Pacific Utilities Company in the 1980's. This water right was associated with a power plant that was owned and operated by California-Pacific. However, when PacifiCorp acquired California-Pacific, this plant had already ceased to operate and the water was not being used for the purposes under which it was approved. The plant no longer exists and no water is being diverted to the benefit of PacifiCorp at this point of diversion.

For the past several years, PacifiCorp has been assessed for this use. While we are not asking for a refund, we are requesting that the water right records reflect that this water right has been abandoned by PacifiCorp and that PacifiCorp no longer be assessed for any use associated with it.

Thank you for your consideration in this matter. If there is further proof of this abandonment or additional filings for your records necessary, please let me know. I can be reached at (801)220-2252 or via e-mail at Claudia.conder@pacificorp.com. My mailing address is: 1407 W. North Temple #110, Salt Lake City, UT 84116.

Cordially,

Claudia Conder
Water Rights Administrator for PacifiCorp
